

KASBP Fellowship Award 2024 KASBP Spring Symposium

Dear Young Scholars,

The Korean American Society in Biotech and Pharmaceuticals (KASBP) cordially invites you to apply for the KASBP fellowship. As an honored tradition, we award the fellowship to young scholars with proven record of important contributions to the field of biomedical and pharmaceutical research. The 2024 KASBP spring symposium will be held at The Westin Waltham hotel in Boston metropolitan area from June 7th to June 8th 2024. The award will be granted to fellows with \$1000 cash prize at the symposium.

Invited Area:

Medical sciences, Biological & Pharmaceutical sciences, Organic/Medicinal chemistry, and/or areas related to drug discovery and development

Detailed Information:

1. Qualification:
 - **Postdoctoral fellow** (PhD, MD, PharmD, DVM, and/or MD/PhD) currently working at academic or pharmaceutical institution.
 - **Staff scientist** with either **doctoral degree or master degree** working at academic or pharmaceutical institution.
 - **Instructor or non-tenure track junior staff member** working at academic institution.
 - Graduate students are **NOT eligible** to apply.
 - **Previous awardees** are **NOT eligible** to apply
2. The fellowship awardee **MUST** register to the KASBP Spring Symposium (The nomination will be retracted upon failure of the registration).
3. The awardee will receive partial travel supports.
4. All applicants are encouraged to present posters. Due to the limited space, poster presenter will be selected and notified.
5. The awardee **MUST** give a 3-min oral talk and present a poster.
 - **Due date:** April 12th, 2024 (9 pm EST)
 - **Material to submit:** Abstract of your representative work, future direction, and CV in 1 combined PDF file only. Word file will not be accepted.
 - **Typeface:** Times New Roman, font size 11
 - **Submit to:** KASBP Fellowship Committee, E-mail: fellowship@kasbp.org

About KASBP Symposium: It has been an excellent venue for emerging scientists and scholars to connect with a large professional Korean-American scientist network. During the symposium you will also be exposed to various cutting-edge sciences in drug discovery and development from the pharmaceutical and biotech industry.
